1970 Permit and Letter with Parcel Numbers.pdf

Hi Leslie,

I was going through the files again and found the attached letter and permit from 1970. The letter clearly identifies the permitted area of the solid waste disposal facility as being Parcels 3277, 3059, and 3060. These three parcels appear to be what is now Parcel 5177 in the center of the site, which is roughly the original landfill area from the first ASAO. I've attached a figure that shows the parcel numbers although 3060 appears to be in the blacked out portion.

I thought I'd pass this along as this seems to be the best information available as to what was actually permitted.

Thanks, Adam
